About Rally 4 Charity™

The birth of rallying for charity happened in August of 2006, where Angelo and Ettore Rossetti where inspired and moved to do something for a recently deceased friend and tennis mentor using their tennis ability. They came up with setting a world record for charity.

The publicity would raise awareness and donations for ALS and brain cancer, as well as the sport of tennis. Today, Rally 4 Charity is a personal and community fundraiser. It is also a Lessons for Life & Tennis Across America™ event.

The 4 charities the Rossetti Brothers support are: ALS Association, Save the Children, Rally for the Cure (Susan G. Komen for the Cure) and the Tim & Tom Gullikson Family Support Fund at the Pediatric Brain Tumor Foundation. They will expand this event nationally and globally in the years to come.
